2023

SPONSORSHIP PACKAGE

WELCOME TO COMMUNITY LIVING ESSEX COUNTY

As a registered charitable not for profit organization, providing supports and services to over 700 children, youth, and adults with intellectual disabilities in Essex County since 1967, we count on the support of community and businesses who believe in the vision and mission of Community Living Essex County.

Vision – A community that celebrates inclusion and inspires possibilities.

Mission – We are committed to supporting people with an intellectual disability to achieve their goals and dreams; empowering them to flourish as full citizens who are valued in their community.

The Impact of Your Support Through Sponsorship

Community Living Essex County relies on fundraised dollars to meet the needs of the people and families we serve when there is insufficient government funding and resources available. A great many supports and services we offer are not fully funded by the Ministry of Children, Community, and Social Services.

We help people live full, active lives in inclusive communities. Here are some of the ways that fundraised dollars are put to work:

- proceeds from the Ruthven Apple Festival purchase and maintain accessible vehicles so that people can get to school, work, and recreational activities
- Charity Golf Classic proceeds provides summer support to children and youth while they're not in school, a major help to working families
- Giving Tuesday proceeds puts technology in the hands of people with intellectual disabilities who otherwise wouldn't have the funds to purchase iPads, iPhones, apps, and other devices to support independence, safety, and learning

We're happy you're taking the time to review our menu of sponsorship options. Our long-standing community events are well attended and receive plenty of media coverage. Sponsoring Community Living Essex County is smart business move and a way to demonstrate social responsibility. We'd love to help showcase your generosity.
